

Oakfield CE (Aided) Primary School PE & Sport Funding for Academic Year 2013 – 14

Introduction

At Oakfield, we recognise the contribution of PE and sporting activities to the health and wellbeing of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all of our children.

Our Primary School Sport's Funding will enable us to continue and extend our current provision through, providing additional training for staff to continue to deliver in-house quality PE sessions as well as entering more sports competitions and activities. We will also provide opportunities to engage with additional sports professionals to enhance provision.

What is the Sports Premium?

The government is providing funding of £150 million per annum for the academic years 2013/14 and 2014/15 to provide new and substantial primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. At Oakfield we have received £8,960 for the academic year 2013 - 2014.
